

COMPANY PROFILE

Our ethos and work rests on an unrelenting pursuit of quality, cost effectiveness and sustainable engineering solutions to our clients problems.

Welcome to **Oville Associates**

A few words about our Company

Oville Associates is a Consulting Engineering Firm that specialises in the planning, design and construction supervision of infrastructure & building projects. We also provide project management services. Apart from the traditional civil/structural engineering, we have established a strong presence in the forensic engineering field. This entails structural investigations to determine causes and remedial action for defects, structural assessments to determine capacities of structures and structural elements, and structural audits to establish structural soundness of structures. Non-Destructive Testing (NDT) techniques are applied to determine the properties of the subject structures such as amount of steel and strength of concrete.

The firm employs qualified and competent engineers, technicians and support staff. The Company has a spacious office premise, immaculately furnished to provide the working environment conducive for design and development work. All our projects' data is backed up on cloud.

Oville Associates Ltd was founded by **Eng. Paul Karara Ngunjiri** in 2015.

Civil & Structural Engineering | Forensic Engineering | Project Management

WE STRIVE TO DELIVER COST EFFECTIVE & SUSTAINABLE ENGINEERING SOLUTIONS

Our professionalism and commitment to quality engrained in our service delivery and echoed throughout the whole team has allowed us to achieve considerable growth in a short span of time

MISSION

We strive to achieve our objectives

To provide innovative, valuable and efficient engineering solutions, professional project management and precise forensic engineering services to our clients.

VISION

We align our mission to goals

To be the Engineering Consultants of choice in the built and natural environment for developers in Kenya and East Africa Region..

Oville Philosophy

Work Ethic

At Oville Associates, we have a moral code that includes the obligation to carry out work that is simply well done. Our output must be without blemish, must be done to completion and with due care to finer details. We seek to provide ordinary services in extra ordinary ways.

Technology

As Engineers, technology is at the heart of our practice. At Oville Associates, we embrace and invest in the most current technologies to enable us serve our clients most efficiently. Use of technology enables us to deliver designs on time, communicate efficiently and keep our records secure and easily accessible. All our data is securely stored on a cloud platform

Clients

Our clients are our first priority. Our work is invariably aligned to the aspirations of our clients for their projects.

Staff

We value our staff as much as we value the business they assist us to handle. All our staff are well trained in their areas of specialisation and in interpersonal skills to make our clients' interaction with Oville Associates as pleasant as possible.

Continuous Professional Development

We appreciate that the ethical requirement of working well necessarily entails the obligation, also ethical, of continuous professional development, even more necessary today because of the accelerated advance of science and technology. At Oville Associates, we are very open to new ideas and are continuously engaging professional development to broaden our knowledge on new and best practises in the industry to enable us serve our clients better.

Our Services

01 Civil & Structural Engineering

This involves producing designs that are easy to implement, cost effective and very efficient. We also supervise projects to ensure construction is undertaken according to the designs and applicable standards to achieve our clients' vision.

02 Forensic Engineering

Structural Investigations, Assessments and Audits

This involves investigations to determine causes of structural failures and thus best remedial action, structural assessment to establish the carrying capacities of structures to enable decision making in line with changing usage, modifying structures etc and structural audits to determine structural soundness of structures.

In undertaking Forensic Engineering, Oville Associates employs the use of state of the art Non-destructive testing equipment such as Ferroskan which can determine the size, number and spacing of reinforcement bars producing x-ray-like images and Schmidt Hammer which can determine the strength of concrete.

03 Project Management

We manage projects on behalf of our clients coordinating the design and construction teams to ensure projects are executed efficiently within timelines and within budget.

We work closely with our customers to
achieve cost-effective and efficient
Engineering solutions

Our Team

Meet the guys behind the dust and screens

Eng. Paul Karara Ngunjiri

CE, MIEK, MAAK(E)

Principal Engineer

Eng. Paul Karara Ngunjiri holds a Bachelor of Science in Civil Engineering 2nd Class Honours Upper division from Jomo Kenyatta University of Agriculture and Technology. He is registered with Engineers Board of Kenya (EBK) as a Consulting Engineer and is a Corporate Member of the Institution of Engineers of Kenya (IEK). He is also a member of the Architectural Association of Kenya – Engineers Chapter (AAK-E).

Eng. Karara has vast experience in design and construction supervision of buildings and associated infrastructure in Kenya, Uganda, Rwanda and South Sudan. Among the projects he has been involved in are high-rise office blocks, apartment blocks, residential estates, learning institutions, hospitals and hotels etc. Eng. Karara is responsible all technical work at Oville Associates and is also responsible for the day to day running of Oville Associates.

Eng. Jamil Abdul Kader

PE, MIEK

Associate Director, Roads

Eng. Jamil holds a Bachelor of Science in Civil Engineering 2nd Class Honours Upper division from Jomo Kenyatta University of Agriculture and Technology. He is registered with Engineers Board of Kenya (EBK) as a Professional Engineer and is a Corporate Member of the Institution of Engineers of Kenya (IEK). Eng. Jamil has vast experience in design and construction supervision of roads and highways.

Eng. Brian Kuria

PE, MIEK

Associate Director, Water

Eng. Brian Kuria holds a Bachelor of Science in Civil Engineering 2nd Class Honours Upper division from Jomo Kenyatta University of Agriculture and Technology. He is registered with Engineers Board of Kenya (EBK) as a professional Engineer and is a Corporate Member of the Institution of Engineers of Kenya (IEK).

Eng. Kuria is an impact biased Engineer and accomplished project manager with over 12-years' experience in the development sector. He has successfully developed, designed, and coordinated implementation of programmes and projects funded by various bilateral and multilateral development partners such as The World Bank, African Development Bank, DANIDA, USAID and French Development Agency. He has particular experience in investment planning, institutional strengthening, water supply & sanitation systems design, construction supervision, technical audits and overall project management. His experience spans 6 countries in the East and Southern Africa region.

Chris Mulera

Consultant Projects Director

Chris holds Bachelor of Science in Civil Engineering 2nd Class Honors Upper division from University of Nairobi. He is registered with the Institution of Engineers of Kenya as a Graduate Engineer.

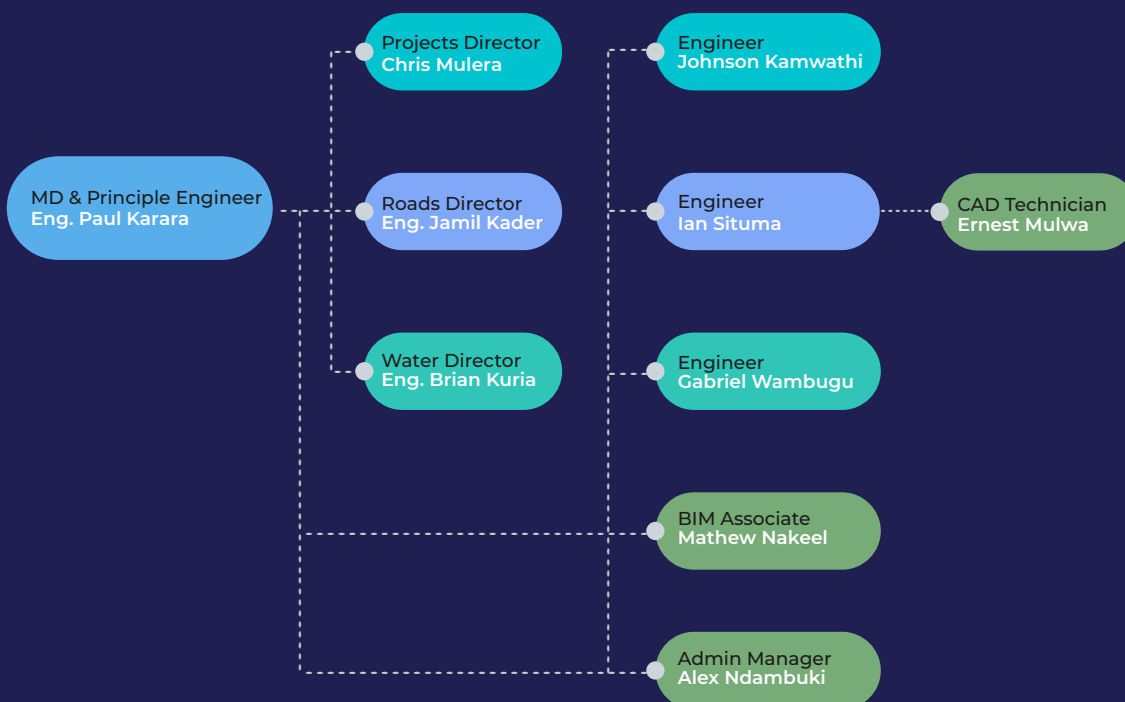

Chris has 17 years post graduation experience in civil/structural engineering. He has been involved in many projects such as Refurbishment of Eagle Africa Center in Upper Hill, Condition survey of Stanbank House along Moi Avenue among many others. He assists in the running of projects and business development.

Oville's Sample Projects

01 Abysinia Dairy

This is a milk processing factory which produces 20,000 litres of milk and wastewater treatment plant with a production of 60,000 litres per day.

Client: Abysinia Ltd
Project Value: KES 215,000,000
Location: Muranga County
Year / Status: January 2020 / Completed

Oville's Sample Projects

02 Office Block at Gitaru, Kikuyu

This is a new 7 storey office block

Client: Adrian Properties Ltd
Project Value: KES 208,000,000
Location: Kiambu County
Year / Status: January 2019 / Completed

03 Tong Piny Residential Apartments, Juba

This is a 7-storey residential apartment building

Client: MR. J. L
Project Value: USD \$ 5.3 million
Location: Juba, South Sudan
Year / Status: September 2021 / Ongoing

04 Proposed Apartment Development for World Wide General Trading

This is a 6-storey residential apartment building

Client: World Wide General Trading
Project Value: USD \$ 4.5 million
Location: Juba, South Sudan
Year / Status: September 2021 / Ongoing

Oville's Sample Projects

05 Sebco Heights

A 12 storey residential apartment

Client: Session Blue Contractors
Project Value: KES 100,000,000
Location: Nairobi County
Year / Status: May 2020 / Completed

Oville's Sample Projects

06 Kozi Suites, Syokimau

A 10 storey furnished residential apartments

Client: Kozi Suites
Project Value: KES 100,000,000
Location: Machakos County
Year / Status: July 2019 / Completed

Oville's Sample Projects

07 Residential Apartment Tassia

A 7 storey Apartment with a basement parking

Client: Prof and Mrs. Kimura
Project Value: KES 75,000,000
Location: Nairobi County
Year / Status: November 2018 / Completed

Oville's Sample Projects

08 Eseriani Hotel

This is a 48-room hotel, conference hall, cottages, swimming pool, gym rooms, restaurant etc for Eseriani Hotel Naivasha on Moi South Lake road.

Client: Eseriani Hotels
Project Value: KES 345,000,000
Location: Nakuru County
Year / Status: January 2017 / Completed

Oville's Sample Projects

09 Symphony Hotel, Naivasha

This is a 4 storey 41 room hotel building in Naivasha Town

Client: Symphony Hotels
Project Value: KES 65,000,000
Location: Nakuru County
Year / Status: January 2018 / Completed

Oville's Sample Projects

10 Sugarbush Residential Development on Isaac Gathanju Road, Lavington

7 No. High end residential houses in a gated community in Lavington, Nairobi County

Client: Ridge Front Development Llp
Project Value: KES 400,000,000
Location: Nairobi County
Year / Status: May 2022 / Ongoing

Oville's Sample Projects

11 Kitusuru Town Houses

This is 4 no town housed in Kitusuru with an area of 550m2 each on a steeply sloping site.

Client: Mr & Mrs T. Githu
Project Value: KES 140,000,000
Location: Nairobi County
Year / Status: April 2018 / Ongoing

Oville's Sample Projects

12 Residential House in Muthithi Gardens

This is a high-end residential development in Kiambu County

Client: Mrs A. Gitau
Project Value: KES 60,000,000
Location: Kiambu County
Year / Status: April 2021 / Completed

Oville's Sample Projects

13 Residential House in Lavington

This is a high-end residential development in Nairobi County

Client: Mr Jules N.
Project Value: KES 41,000,000
Location: Nairobi County
Year / Status: July 2021 / Completed

Oville's Sample Projects

14 Residential Development on Kunde Road, Lavington.

This is a high-end residential development in Nairobi County

Client: Mr A. Wahome
Project Value: KES 60,000,000
Location: Nairobi County
Year / Status: Aug 2020 / Completed

Oville's Sample Projects

15 Montessori Learning Centre, Kyuna Road

This is a preparatory school construction consisting of classrooms, ablution block, swimming pool and top of the range sports facilities

Client: Montessori Learning Centre
Project Value: KES 80,000,000
Location: Nairobi County
Year / Status: January 2021 / Completed

16 St. Christophers International School

An international school that is continuously improving its infrastructure by way of improving refurbishments, alterations and addition of facilities.

Client: St. Christophers School
Project Value:
Location: Nairobi County
Year / Status: January 2020 / Completed

17 Montessori Learning Centre, Westlands

This project involved construction of additional new classrooms

Client: Montessori Learning Centre
Project Value: KES 6,000,000
Location: Nairobi County
Year / Status: January 2018 / Completed

Oville's Sample Projects

18 Telkom Kenya PEACE Station at Nyali, Mombasa

Refurbishments and Alterations of an Existing Building to serve as a Landing Station for the PEACE Submarine Cable by Telkom Kenya

Client: Telkom Kenya Ltd
Project Value: KES 20,000,000
Location: Mombasa County
Year / Status: January 2021 / Completed

19 Sewerline and Waterline for IPS(K) at Witeithie

The project includes a 1.6km waterline and 0.6km sewerline to serve an industrial property that is earmarked for development.

Description of Actual Services provided by our staff:

- Design of waterline and Sewerline
- Liaison for approvals by RUJWASCO, THIWASCO, KeNHA, NEMA, & Kenya Railways
- Tender Process
- Construction Supervision and Contract Administration.

Client: Industrial Promotion Services thro' Premier Food Industries Ltd
Project Value: KES 20,000,000
Location: Kiambu County
Year / Status: Nov 2018 / Completed

Oville's Sample Projects

20 Muriasi Bridge

This is 36m span bridge across Sondu River.

Client:	Aces & Light Construction Company
Project Value:	KES 50,000,000
Location:	Bomet County
Year / Status:	January 2020 / Completed

Oville's Sample Projects

21 Ambassadorial Twin Homes, Runda

2 No. Residential Houses developed on Eliud Mathu Street, Runda

Client: Mr. J. L
Project Value: KES 150,000,000
Location: Nairobi County
Year / Status: 2017, Completed

22 Naivas, Kahawa Sukari

Supermarket Store 2,200sqm comprising a ground floor and a mezzanine constructed as 5 portal frames & a 550sqm convenience store

Client: Naivas Supermarkets
Project Value: KES 100,000,000
Location: Nairobi County
Year / Status: 2021, Completed
Associated Firms: Sybran Company Ltd

Oville's Sample Projects

23 Ammars Heights Development

9 Storey Hotel Apartment Building, Juba

Client: Ammars Group
Project Value: USD 7,500,000
Location: Juba, South Sudan
Year / Status: 2021, Ongoing

Oville's Sample Projects

24 100m Access Road at Windy Ridge, Karen

Client:	Kims Holdings Ltd
Project Value:	KES 4,000,000
Location:	Nairobi
Year / Status:	2023, Complete
Project Scope:	Tender Documentation, Construction Supervision and Contract Administration
